

COMSTOCK SALOON

Named after the Comstock Lode, which brought mining riches to our fair city, Comstock Saloon is sure to bring about similar good fortune to owners Jeff Hollinger and Jonny Raglin. The duo, (of Absinthe Brasserie and Bar fame) offer refined, turn-of-the-century saloon fare alongside a menu of classic cocktails at the newly opened venue. The Comstock's interior, with its turn-of-the-(19th) century mahogany bar, absinthe fountain and live pianist playing ragtime, manages to pay homage to San Francisco's Barbary Coast history, while somehow satiating modern sensibilities. Now, that's striking gold.
